Centre Orange

Orange, named in the mid 1800's after the Prince of Orange who later became the King of Holland, is a modern city that has grown from its rich mining past. In fact Orange was the home to Australia's first payable gold discovery at Ophir in 1851. Today Cadia Gold Mine is one of the largest open pit gold – copper mines in Australia.

Orange is a thriving regional centre only a three and a half hour drive from Sydney. Orange's proximity to Sydney and the nation's capital, Canberra, makes it an accessible destination for those who want to escape the pressures of the city but who still want to enjoy the benefits of city life.

Orange has a population of 38,000 people and with surrounding towns and villages, supports a population of 100,000 through its industrial, commercial and service resources.

A striking feature of the landscape – Mount Canobolas – at 1,395 metres is the highest peak in a straight line between the Blue Mountains and Perth.

Orange offers a diverse range of wonderful natural attractions, some of the best food and wine in regional Australia, a rich history and heritage, a clean crisp environment in which you can escape, relax and refresh. With over 30 wineries, great restaurants, four distinct seasons, three golf courses, Orange Botanic Gardens, Galleries, Historic Villages and Mount Canobolas, Orange is the perfect October long weekend escape.
